

Huge brightness for an unbelievable low price

Do you need high brightness but only minimal money to spend? The InFocus IN120 Series has you covered. These are the lowest-cost projectors we offer at this high brightness.

These value-packed projectors are easy to buy and built to perform. In addition to high brightness, they have an HDMI input, a high contrast ratio, BrilliantColor™ technology, and a slim, lightweight design that makes them easy to move or install.

Why choose the IN120 Series?

- Ultra-low purchase price
- High brightness of up to 3200 lumens
- High 4000:1 contrast ratio
- Slim design and weighs only 4.8 lbs (2.17 kg)
- Accurate and vivid color reproduction with BrilliantColor technology
- HDMI connectivity
- 3D technology supports up to 120 Hz frame rate

Low Total Cost of Ownership

The IN120 Series has not only a ultra-low purchase price, but also a long-lasting lamp that lowers total cost of ownership even further. There aren't even any filters to replace. It's an unbeatable value.

High Brightness and High Contrast

The image quality of these projectors will not disappoint. 3200 lumens will give you bright, clear images with the lights on and the high 4000:1 contrast ratio adds sharpness with darker blacks and whiter whites.

Preset modes give you the best image quality on a beige wall, whiteboard, blackboard or other surface.
