

# Pico Genie M400

Ultra Portable 3D, LED Palm Projector + Battery

**Bright, HD,  
Battery & Great Value**

**View in 3D out of the  
box without  
extra conversion  
equipment...**

## Key Features

300 lumens of brightness on battery and mains power

Mirror everything on your device's screen

Tiny size (18cm x 11cm x 2.8cm)

Project 3D content straight out of the box

Can be use with almost any Smartphone / tablet / iPad

## User Benefits

Designed for extended use on battery power, meaning uniquely no loss of brightness on battery or the mains

Connect to your laptop, smartphone, tablet, games console and more to mirror the device's screen up to a massive 100" projected screen size (adaptor required for mirroring)

The M400 fits into a laptop case, handbag or small bag, ready to project on-the-go, wherever you are!

Simply stream your 3D content through the projector and put on a pair of active 3D shutter glasses.

Connect to Android, Windows and iPhone (with the right adapter) Connect to Android via MHL adapter or to Apple with an adapter from Apple

The Pico Genie M400 HD LED projector is the very latest in ultra mini projection. It is one of the first ultra portable LED mini projectors on the market offering 3D out of the box without requiring a PC. It also has a battery on board so you can watch the projection at any time and offers excellent connectivity (USB, HDMI, VGA, TF card) and it offers an excellent image whether it is in 2D or 3D.

Image performance is impressive providing a 100" screen in both 2D and 3D with WXGA resolution and 300 lumens (DLP) brightness.

This pico projector is also ultra portable weighing just 590g and measures just 18cm x 11cm x 2.8cm so it's easy to hold in the hand. Slip the M400 projector into your laptop bag to take on the go and switch it on using the inbuilt battery or mains.

The Pico Genie M400 manages to pack in all the features you could ever want into one tiny package and is perfect for either on-the-go business use or just for watching movies in 2D or 3D.

12 month manufacturer's warranty

## Throw Ratios

| Distance (Meters) | Screen Size (Inches Diagonally) |
|-------------------|---------------------------------|
| 1                 | 38.4                            |
| 1.5               | 57.6                            |
| 2                 | 76.7                            |
| 2.5               | 95.9                            |
| 3                 | 115.1                           |
| 3.5               | 134.3                           |
| 4                 | 153.5                           |
| 4.5               | 172.7                           |
| 5                 | 191.8                           |
