Hitachi is excited to announce our first solid state light source LP-WU9750B 8,000 lumen 1-chip DLP laser light source projector. The new laser diode light source offers approximately 20,000 hours of operation time and is maintenance free, there is no lamp or filter to replace providing a dramatic reduction in total cost of ownership. It can provide 24/7 use for digital signage applications and is a perfect choice for large auditoriums, conference rooms, museums, and concert or stage productions. Plus, 8,000 ANSI lumens brightness and 20000:1 contrast ratio results in a super bright display with outstanding image clarity and uniformity. Always on the cutting-edge of technology, Hitachi’s LP-WU9750B is an HDBaseT™-enabled projector which delivers whole-home and commercial distribution of uncompressed HD multimedia content over a single CAT5e/6 cable. HDBaseT is unique in its ability to provide professional installers with a much simpler and more cost-effective way to transmit uncompressed HD video up to 328 ft. No matter how large the application environment, the LP-WU9750B delivers larger-than-life performance. For added piece of mind, Hitachi’s LP-WU9750B is also backed by a generous warranty and our world-class service and support programs.
**UNIQUE FEATURES**

**DICOM® Simulation Mode**
The DICOM (Digital Imaging and Communications in Medicine) Simulation Mode projects grayscale images which approximate DICOM Part 14 specifications. This mode is ideal for viewing grayscale medical images, such as X-rays, for training and educational purposes.

The projectors have a DICOM (Digital Imaging and Communications in Medicine) Simulation Mode. This mode simulates the DICOM standard, which is a standard applicable to digital communications in medicine, and is useful for displaying medical images such as X-rays. These projectors are not medical devices and are not compliant with the DICOM standard, and neither the projector nor the DICOM Simulation Mode should be used for medical diagnosis. Comparison photos are simulations.

**Perfect Fit**
Enables the user to adjust individual corners independent of one another. This feature helps correct geometric and complicated distortions. Perfect Fit allows the projected image to fit correctly to the screen quickly and easily.

**Picture By Picture**
Enables the content from two input sources to be displayed simultaneously, side by side on one screen. You can use two sources including 2 HDMI, with both images sharing equal screen size. The feature is ideal for teleconferencing applications.

**Picture In Picture**
Enables you to display one image inside another image using two sources including 2 HDMI.

**Dust Resistant Sealed Engine**
The air tight structure of the optical engine makes it possible to minimize dust particles entering which could eventually lead to a decrease in brightness. This construction gives the projector resistance to the effects of dust and enables the projector to be used in a wide variety of environments.

**Edge Blending**
Projectors are equipped with the Edge Blending function that achieves the seamless projection of one image using multiple projectors. The 9000 series comes with various blending functions that meet the level users are looking for.

**Warping**
Warping is possible from your computer by using the specialized application. Projection is possible on spherical surfaces and surfaces with corners, as well as conventional flat screens.

**Maintenance Free Operation**
Approximately 20,000 hours of maintenance free operation. There is no need to replace a lamp or air filter, providing a dramatic reduction in the total cost of ownership and time spent changing bulbs.

**Motorized Zoom, Focus and Lens Shift Control**
Allows for greater range of installation possibilities. With the motorized function you can make fine adjustments through the remote control or RS232/IP device.

**360° Rotation/Portrait Projection**
Display rotation of 360° and portrait projection for creative applications and greater installation flexibility.

**New Phosphor Wheel**
A new heat-resistant material is used in the phosphor wheel to withstand the high output from the laser light source.

**Quad Laser Bank System**
Quad-Drive Optical engine comprises four module grouping laser diodes into independent light sources. The use of four separate laser modules means that in the unlikely event of one light source failing, projection continues with no perceivable drop in brightness.

**Instant Blending**
Instantly perform blending processing without the use of any special equipment.

**3D system by DLP Link**
A special 3D emitter is no longer needed for 3D viewing.
New technology for high brightness and reliability with a lower cost of ownership.

Hitachi’s LP-WU9750B laser projector is truly a technology achievement with premier performance for demanding application environments including large auditoriums, conference rooms, museums and concert or stage productions. It can also provide 24/7 use for digital signage applications. An array of new technology features includes Quick Start/Quick Off, Quad Laser Bank System, Phosphor Wheel, Dust Resistant Sealed Engine, and a more efficient cooling system. As Hitachi’s first 8,000 ANSI lumen, 1-chip DLP laser light source projector, combined with WUXGA 1920 x 1200 resolution, the LP-WU9750B will deliver dynamic images guaranteed to dazzle any audience. All this combined with state-of-the-art connectivity features elevates the LP-WU9750B to the forefront in projector performance, reliability and overall quality. The LP-WU9750B greatly enhances the overall viewing experience, adding an entirely new dimension and level of excitement. Hitachi is the brand name synonymous with advanced projector technology and innovation, and the LP-WU9750B lives up to that reputation.

LP-WU9750B DLP Laser Projector

**Accessories and Lenses**

**Supplied Accessories**
- Power cord
- Computer cable
- Remote control
- AA battery x 2
- RS232C cable
- Manual CD
- Application CD
- User's manual
- Security label

**Optional Lenses**
- 7 optional lenses are available: FL-920, USL901, SL902, SD903, ML904, LL905, UL905

**Replacement Parts**
- Power Cable: EV03141
- Remote Control: HL03141

---

**Specifications**

**Projection Technology**
- Single Chip DLP

**Resolution**
- WUXGA - 1920 x 1200

**Brightness**
- 8,000 ANSI lumens

**Colors**
- 1.07 billion colors

**Aspect Ratio**
- Native 16:10 and 4:3 / 16:9 compatible

**Contrast Ratio**
- 20000 : 1 (using active IRIS)

**Throw Ratio**
- Specifications will vary depending on which lens is used with the projector

**Focus Distance**
- 102" - 187" (with standard lens)

**Display Size**
- 50" - 600"

**Lens**
- Specifications will vary depending on which lens is used with the projector

**Expected Light Source Life**
- Approximately 20,000 hours

**Speaker Output**
- N/A

**Keystone**
- H: +/-60° and V: +/-40°

**Computer**
- VGA, SVGA, XGA, WXGA, WXGA+/SXGA/SXGA+/WSXGA+/UXGA/WUXGA, MAC 16"

**H-Sync**
- 15 kHz - 106 kHz

**V-Sync**
- 50 Hz - 120 Hz

**Composite Video**
- NTSC, NTSC4.43, PAL, PAL-M, -N, SECAM

**Component Video**
- 480i, 480p, 576i, 720p, 1080i, 1080p

**HDMI**
- 480i, 480p, 576i, 720p, 1080i, 1080p, Computer signal TMDS clock 27 MHz - 150 MHz

**Digital Input**
- HDBaseT x 1, HDMI x 2, 3G-SDI In/Out, DVI-D x 1

**3G-SDI In**
- BCN connector x 1

**3G-SDI Out**
- BCN connector x 1

**DVI-D**
- DVI-D connector x 1

**HDMI**
- HDMI x 2

**Computer Input 1**
- 15-pin mini D-sub x 1

**Computer Input 2**
- 5 BNC connector x 1

**Network LAN Wired**
- RJ-45 jack x 1

**HDBaseT**
- RJ-45 jack x 1

**Wired Remote Control**
- 3.5 mm stereo mini jack

**Control Terminals**
- 9-pin D-sub x 1 (RS-232 control)

**Trigger**
- 3.5 mm stereo mini jack

---

**Rating & Warranty**

**Power Supply**
- AC90-138V / AC180-264V, 50/60HZ

**Power Consumption**
- 885W / 845W

**Operating Temperature**
- 32°F - 95°F (0°C-35°C) Normal mode
- 32°F - 104°F (0°C-40°C) Eco mode

**Dimensions (W x D x H)**
- 19.7" x 22.7" x 8.5"

**Weight**
- Approximately 61.7 lbs.

**Approvals**
- UL 60950-1 / cUL FCC Part 15 subpart B class A

**Warranty**
- 3 year limited parts and labor

Extended Service Contract available (additional cost)
