

DESCRIPTION

Introducing the Miroir M76, a pocket-sized powerhouse of a projector. With built-in WIFI, it is easy to connect your smartphone or tablet to watch all your favorite videos on the big screen. Share your videos and photos with friends and family, and enjoy a cinematic experience wherever you go. Perfect for movie nights, outdoor events, and impromptu presentations. Please note that copyrighted content from streaming services such as Hulu and Netflix cannot be mirrored or screencast.

FEATURES

Ultra-Portable

The Miroir M76 is a compact yet powerful projector perfect for all your entertainment needs, whether it be a movie night with friends and family, an outdoor event, or impromptu video content.

With its portability and versatility, the Miroir M76 can be taken anywhere, making it the perfect companion for movie nights, outdoor events, and impromptu videos.

Weighing just 8 ounces, built-in battery for sharing content anywhere.

Connectivity

The built-in WIFI feature allows for easy connection of your smartphone or tablet, making it a seamless experience to watch all your favorite videos on a larger screen.

HDMI input makes it easy to connect high-definition resources.

As part of our efforts to support carbon neutrality, the M76 does not include a USB - C power/charging adapter. Included in the box is a USB - C to USB Type A charging cable compatible with USB power/charging adapters.

Please note that while copyrighted content from streaming services such as Hulu and Netflix cannot be mirrored or screencast, it still provides a great way to enjoy your own personal media collections.

Picture Control

Fine-tune your viewing experience with the Miroir M76's manual focus capability, allowing for a customized and clear projection every time.

DLP Technology

Texas Instruments advanced chip technology for Cinema quality streaming. LED lamps for 20,000 hours of projecting time

Speakers

One built-in 1W speaker for portable sound anywhere

Battery-Powered

Enjoy extended viewing sessions with the Miroir M76's long battery life of up to 2 hours and its rechargeable design for added convenience.
