TOSHIBA

TLP-550/1

Perfection

for the professional presenter.

Perhaps you often need to make presentations with your projector close to the screen, but still want a large, brilliant and superbly detailed image – from a computer or video. Toshiba have anticipated your requirements with two exceptional new solutions.

With true XGA resolution and 1100 ANSI lumens, the TLP-550 and TLP-551 will stun your audiences. Their Short Throw Lenses mean that you can place them right by you at the front of the room and still produce giant images. On the TLP-551 the Visualiser Arm also features a short focus camera to show solid exhibits in crisp focus.

Both projectors are light and easily portable, so you need never be without the perfect tool for the job. And if all this versatility sounds pricey, we think you'll be pleasantly surprised by the great value of the TLP-550 and TLP-551 range.

Up close and personal

- Light and stylish, the TLP-550 and TLP-551 feature a specially designed Short-Throw Lens – so you can make a big impression in small spaces

Speedy set-up

- 'Plug and project' functionality means you'll be up and running in minutes

The power of LCD

- A dazzling 1100 ANSI lumen output
- XGA resolution and 400:1 contrast for exceptional performance
- Outstanding results from any video source

Highly portable

- Light enough to be easily moved from room to room using the in-built carry handle
