

ImagePro 8753 XGA Data and Video Projector Model 28A8753

Specifications (Specifications are subject to change without notice)

Device Type	0.7" x 3 Poly-Silicon
Brightness	1100 ANSI Lumens
Resolution	1024 x 768 (H x V), XGA
Contrast	400:1
Scanning Frequency	fh 15-100 kHz, fv 43-130 Hz
Lens	Manual Zoom, 1.3X
Image Offset	50%
Keystone Correction	Digital, adjustable
Aspect Ratio	4:3, 16:9, Selectable
Focus Range, Throw	3.3 to 25ft.
Image Range, Screen	24 to 210 inches, diagonal
Computer Compatibility	VGA, SVGA, XGA, SXGA, Mac, Mac 13" and Mac 16," Mac 19", Mac 21"
Video Compatibility	NTSC, PAL, SECAM, S-Video
Image Control	Freeze function, Electronic Magnification and Pan
Mouse Control (remote)	Use PS/2 or USB
Projection Configuration	Front/rear/ceiling
Remote Power	Full "off/on" by remote control
Color Reproduction	24 bit (16.7 million)
Lamp	132W UHP
Lamp Life	2000 hours (typical)
Audio	Speaker 2 x 1watt
Inputs, Video	(1) Min DIN 4-pin, S-Video (1) RCA, composite Video
Inputs, Computer	(1) Signal; D-sub 15 pin, RGB
Inputs, Audio	(1) Audio, Stereo mini jack, PC
Outputs	(1) Monitor 15 pin, D-sub, RGB
Control	(1) PS/2, / RS-232 (8 pin) mouse (1) USB (B-type) mouse
Fan Levels (noise)	34 db Very quiet
Power	AC100-125V / AC220-240V 50/60 Hz, 200 watt
Size (WxHxD)	8.3" x 3" x 10.6"
Weight	5.7 lbs
Shipping Weight	15 lbs.
Carton Size	14.7" x 11" x 18" (WxHxL)
Accessories Included	Remote control with Batteries, Power cord, Video/ Audio cable, PS/2 and USB Mouse cable, S-video cable, RGB cable, operators manual, and soft carrying bag.
Operating Temperature	+5° to 35°C (41°- 95°F)
Safety	UL/C-UL, CE, FCC-A
Optional Accessories	Lamps 456-222

Five (5) year Limited Warranty on Parts and Labor in North America, lamp excluded (for other locations, local warranties apply.) Includes Dukane's FREE 24 month Peace-of-Mind Loaner Program.

High XGA Resolution and Value

The **Dukane ImagePro 8753™** is a full-featured electronic imaging projector for education and office applications. With XGA resolution it can project images, which match or exceed those produced by almost all the computers used today. It provides an exceptional image at a reasonable investment. To simplify any application, the projector is automatically compatible with today's computer and video signals.

With an image of **1100 ANSI lumens** and a contrast of 400:1, the image is clearly visible in most classrooms and offices. It is a sharp 1024 x 768 pixel image, that is rock solid with saturated colors for hours of pleasant viewing. Freedom of movement for the operator is possible with an easy to use infrared (IR) remote control included with the projector. A second set of controls is on the projector. A 1.3X zoom lens permits matching the image size to that of the screen.

The projector's automatic scaling circuit provides correctly sized images for computer inputs of VGA, SVGA, XGA, and SXGA resolutions along with the MAC equivalents. Also, video signals in composite or s-video format from a camera, VCR, or DVD player can be displayed. To provide a mixed media class or presentation, the IR remote control can switch the projector between the composite, s-video, and computer inputs. Thus, the projector image from a computer on a web site can easily be switched to the image from a VCR or that from a local camera.

The remote control can also operate the computer mouse functions using the computer's PS-2 or USB ports. Other remote control functions permit enlargement of an area of the image (zoom) and movement of the enlarged area (pan). For video an image can be "frozen". A "digital keystone" function lets the user adjust the image width so it always correct

The ImagePro 8753 can be used for normal front or rear screen projection. The image can also be switched for ceiling mounts. In all cases the whisper quiet cooling system never disturbs the room. A standard monitor output exists for special cases where the image must be locally viewed.

At less than 6 pounds the 8753 can be easily moved, using the included bag, to a variety of locations. This projector is backed by **Dukane's legendary service and a industry leading FIVE YEAR** limited warranty, plus a TWO year "Peace of Mind" program which is the finest in the industry.
