The LV-S1 provides 1,000 ANSI lumens for bright projection from a variety of input sources, and can project a 200" image at 90% uniform brightness. It delivers sharp Native SVGA resolution (800 x 600), and can also project XGA (1,024 x 768).

Look no further for the ideal fusion of style, performance, and value.

Don't be fooled by its size, even though it's one of the most compact projectors you'll find—the Canon LV-S1 is by no means a lightweight. Not only does the LV-S1 come loaded with a full array of great features, but it also incorporates advanced Canon technology for superior projection quality.

Bright, Clear Images
The LV-S1 provides 1,000 ANSI lumens for bright projection from a variety of input sources, and can project a 200" image at 90% uniform brightness. It delivers sharp Native SVGA resolution (800 x 600), and can also project XGA (1,024 x 768).

Quiet Operation
A portable projector is just not effective if it’s making a lot of noise. To help make sure that your presentation is distraction-free, the LV-S1 incorporates an intelligent design that minimizes fan noise to just 37dB.

Compact & Stylish Design
Weighing only 6 pounds, the portable and stylish LV-S1 is light enough to carry anywhere, making it ideal for the presenter on the go.

**Canon Optical Technology**

The core of the LV-S1 is a newly developed optical box that contains Canon advanced technology. The optical box is the key component of any projector, responsible for processing light within the unit. By using a more efficient process than conventional models, the LV-S1 offers superior color fidelity for all your projection needs.

---

**Digital Keystone Correction**

Digital Keystone Correction gives you a square, undistorted image for angles up to +/−20 degrees, and 16X Digital Zoom enlarges sections of the projected image for a closer look.

---

**Easy Operation**

A wireless remote control offers easy access to all functions from anywhere in the room. The USB mouse control function allows you to operate some PC functions with the remote as well.

---

**LV-S1 Kit Contents:**

- LV-S1 Projector
- Power Cable
- VGA Computer Cable
- Wireless Remote Control (and Lithium Battery)
- Lens Cap - Soft Carrying Case
- Warranty Card - User Manual

---

**Available Options:**

- Remote Control with Mouse and Laser Functions (LV-RC01)
- Mouse Control Cable for PS/2 (LV-CA25)
- Mouse Control Cable for Serial (LV-CA26)
- Mouse Control Cable for ADB (LV-CA27)
- Ceiling Mount Adapter (LV-CL06)
- Replacement Lamp (LV-LP12)
- PR-200S Presentation Assistant

---

**Nomenclature**

- Top Control Panel
- Adjustable Feet and Feet Lock Latches
- Video Input Jack Y
- Video Input Jack Pb/Pb
- Video Input Jack Pr/Pr
- S-video Input Jack
- RGB Input Jack
- Control Port Connector
- Power On-Off Button
- Menu Button
- Ready Indicator
- Lamp Replace Indicator
- Lamp Indicator
- Lamp Indicator
- Project (Volume) Button
- Audio Output
- Audio Jack
- Computer Audio Input Jack
- Video Input Jack
- Video Input Jack

---

**Flexible Image Settings**

The Image Select feature lets you customize the display to best suit your source image. Sharpness, contrast, gamma, and other variables can be easily adjusted using the on-screen menus, and settings can then be saved for recall at a later time. Two presentation modes (High Contrast, Cinema) are provided.

---

**Convenient Features**

The new Canon optical box (illustrated above) is designed to provide excellent color reproduction quality.

---

**Plug & Play Connectivity**

Simply connect the LV-S1 to your computer or AV equipment and get started right away—the projector automatically identifies the input signal and handles all necessary adjustments for you.

---

**Specifications**

- **Type:** Micro-compact LCD Projector
- **LCD Panel:** 0.7” polysilicon active matrix TFT x 3. 4:3 aspect ratio
- **Number of Pixels:** 480,000 (800 x 600 pixels)
- **Supported Display Standards:** Native SVGA, XGA (Compression), VGA
- **Light Source:** 150W UHP lamp
- **Brightness:** 1,300 ANSI lumens
- **Uniformity:** 90% or more
- **Contrast Ratio:** 350:1 (All white/All black)
- **Horizontal Resolution:** 600 TV lines
- **Projection Lens:** WIDE
- **Lens Shifting:** 20% (13.1ft/4.0m), 30% (20.0ft/6.1m), 34% (26.6ft/8.1m)
- **Digital Keystone Distortion Compensation Angle:** ±20°
- **Digital Keystone Correction Angles:** ±20°
- **Digital Keystone Distortion Compensation Angle:** ±20°
- **Noise:** 37dB (at low fan speed)
- **Color System:** NTSC/PAL/SECAM/NTSC 4.43/PAL-M/PAL-N
- **Contrast Ratio:** 350:1 (All white/All black)
- **Horizontal Resolution:** 600 TV lines
- **Projection Lens:** WIDE
- **Lens Shifting:** 20% (13.1ft/4.0m), 30% (20.0ft/6.1m), 34% (26.6ft/8.1m)
- **Digital Keystone Distortion Compensation Angle:** ±20°
- **Noise:** 37dB (at low fan speed)
- **Color System:** NTSC/PAL/SECAM/NTSC 4.43/PAL-M/PAL-N
- **Contrast Ratio:** 350:1 (All white/All black)
- **Horizontal Resolution:** 600 TV lines
- **Projection Lens:** WIDE
- **Lens Shifting:** 20% (13.1ft/4.0m), 30% (20.0ft/6.1m), 34% (26.6ft/8.1m)
- **Digital Keystone Distortion Compensation Angle:** ±20°
- **Noise:** 37dB (at low fan speed)
- **Color System:** NTSC/PAL/SECAM/NTSC 4.43/PAL-M/PAL-N
- **Contrast Ratio:** 350:1 (All white/All black)
