

TECHNICAL SPECIFICATIONS

Native Resolution	• XGA 1024 x 768
Display Technology	• DLP by Texas Instruments: 0.7" XGA DMD DDR
Input Sources	• Computer (M1-D/A), video (S-Video and RCA), audio (3.5mm mini jack)
Data Input Compatibility/Formats	• VGA through SXGA, 1152, MAC
Video Input Compatibility/Modes	• NTSC 3.58, NTSC 4.43, PAL (all), SECAM (all), SDTV (480i), EDTV (480p)
Brightness	• 1100 ANSI lumens
Contrast Ratio	• 800:1 full on/full off
Lamp	• 120W UHP/2000 Hours
Digital Keystone Correction	• ±15° correction; data/video
Image Offset	• 110%
Projection Lens	• Zoom Lens with manual focus and manual zoom adjust
Throw Ratio	• 1.85 – 2.35:1
Minimum Projection Distance (std lens)	• 1.5 m
Aspect Ratio	• 4:3 (standard); 16:9 video, data
Audible Noise	• 32dB
Number of Colours	• 16.7 million colours
Image size (diagonal)	• 2.7'/0.8m (min) – 22.2'/6.8m (max)
Projection Methods	• Front/rear
Audio	• 3.5 mm mini-jack; 1W speaker
Connectors	• VESA M1-DA, Composite video, S-Video, Mini-jack audio
Control	• Projector keypad; IR remote control; Wired control through USB
Dimensions (maximum dimensions)	• 2.5" (H) x 6.1" (L) x 7.8" (W) 63.4 mm (H) x 148.8 mm (L) x 199.0 mm (W)
Weight (standard)	• 2.4 lbs (1.1 kg)
Power Supply	• 100V – 240V at 50 – 60 Hz
Power Consumption	• 155W
H-Synch Range	• 15 – 100 kHz
V-Synch Range	• 43.5 – 130 Hz
Pixel Clock	• 12 – 135 MHz
Operating Temperature	• 5 – 40° C at sea level
Menu Languages	• English, Norwegian, Spanish, Italian, Portuguese, German, French, Chinese (simple), Chinese (traditional), Japanese
Lamp Warranty	• 90 days/500hrs
Warranty	• 2 years parts and labour, 1 year ProXchange

M2

KNOWLEDGE IS POWER. SHARE YOURS.

Whether you're presenting or simply capturing information in a group meeting, you won't want to be without the ASK M2.

1100 powerful lumens flood any room with brilliant colour and unparalleled clarity. Integrated data, video and audio yield a projector that's ready to make your multimedia presentation larger than life.

OVERACHIEVER, UNDER BUDGET

We squeezed a full-featured projector into a convenient package that won't blow your budget. Overachieving? Maybe. Affordable? Absolutely. A great investment for you and your company, the M2 raises the bar without raising the price. It's a powerful teamwork tool that makes meetings efficient and more portable than ever.

BUSINESS TOOL AND TRAVELING COMPANION IN ONE

The must-have M2 combines seamless connectivity, exceptional image quality and rich multimedia performance in an intuitively designed solution. The result? You get the best of all worlds in a smaller, more powerful projector that enables you to work as a team anywhere.

CHANGING THE WORLD ONE MEETING AT A TIME

There are good reasons for making the M2 your first choice. An ideal partner to your notebook PC, the M2 completes your personal cutting-edge suite of digital tools. Deliver your message with a tool that's proven to yield higher information retention rates. Weighing less than 2.4 pounds (1.1kg) it can go wherever you go, making it easy to share information at a moment's notice. Your colleagues, your boss and your team — everyone will benefit from the M2. A built-in DVI connector gives the M2 seamless digital-to-digital connectivity. And it's EDTV (Enhanced Definition Television) compatible — you can reap the benefits of enhanced resolution images anytime and project them with ease.

Budgets have limits. Teamwork shouldn't. FEAST YOUR EYES ON A NEW WAY TO WORK AS A TEAM

Meetings will never be the same again. The ASK M2 puts the focus on your ideas wherever you are. Change rooms, change audiences, change cities — the compact M2 provides flexibility for any environment.

GREAT MINDS THINK ALIKE

Like you, the M2 makes a great impression. Its sleek, savvy design turns heads before you turn it on and its compact size makes it the must-have tool for any meeting with 2 or more people. Outstanding image quality communicates your message efficiently and effectively.

WHAT GOES UP MUST COME DOWN

The M2 is optimized for quick setup. Setting up before and taking down after a meeting has never been easier. No sales force or conference room should be without one. As a personal business tool the M2 is optimized for performance and portability.

INTUITIVE DESIGN, IMPRESSIVE FEATURE SET

Exclusive Projector Manager™ control software allows projector control via PC, enhanced presentation effects, even logo and startup screen customisation. Adjust control source, colour, tint, brightness and keystone quickly and easily. And should you need IT support Projector Manager sends a snapshot of the projector information so you don't have to waste time looking for information or guessing which projector model you have. Projector Manager even provides power users the ability to freeze the projected image, for changes without distracting others looking at the screen. Picture-in-Picture for multiple sources, magnification to enlarge key areas of a file or masking to reveal images one piece at a time. With an ASK projector – you're in control.

M2 FEATURES

- Bright image display—1100 ANSI lumens
- Native XGA resolution—Clear, full screen detail
- Intelligent electronics—Sensors detect ambient room light and automatically optimize the image
- Silent operation—One of our quietest projectors yet
- Rich, saturated colour—Impressive InFocus® Quality Video, outstanding image clarity
- One-touch image resizing—Intuitive optical zoom lens
