AstroBeam X30

Professional Presentations in every meetingroom

With the help of A+K's AstroBeam X30 projector

This light-weight projector (only 1.6kg!) with an 0.7" DLP optical system and a brightness of 1500 ANSI lumens delivers an excellent presentation with an easy to use manual zoom and focus lens adjustment. A quiet fan control system adjusts the fan speed and reduces the noise level to 35 dB making the Astrobeam X30 suitable to use in any size meeting room.

This projector has multi-source connections [PC, Mac, DVD & VCR player, camcorder and home entertainment applications] and is easy to operate thanks for four clear keys layout. Anyone can master this projector in a few minutes, producing an impressive multimedia presentation.
