SP-48Z

p r o j e c t o r

- True 800 x 600 SVGA with compression up to 1280 x 1024 SXGA.
- Light weight at 6.6 pounds, perfect for traveling.
- 1400 lumens, bright enough for most small to medium sized rooms. Flexibility for traveling presenters.
- Digital Keystone Adjustment creates a square image on the screen in virtually any environment.
- Digital zoom. Digitally enlarge a portion of the image to focus your audience's attention on an important point.
- Manual zoom/focus make it easy to set up and adjust the image size for presenting in almost any room.
