# The Standard

The balanced design of the U5 series projectors has made it the standard for many businesses and schools worldwide. These 4 pound units are great for field sales forces, as table top conference room projectors, or ceiling installations. The U5's offer an incredibly clear image due to PLUS' innovative Advanced Color Wheel technology.

## The U5-632h Feature Rich Model

A **Short-Focus Zoom Lens** means a larger image can be projected from a shorter distance.

**Bright Mode** boosts the lumen output to 3000 while producing a monochrome picture – a handy feature for many business and classroom applications.
