Work Big IN24 & IN26

 InFocus

Power up and be empowered.

You bring the vision. You drive the presentation. Everyone looks to you to close the deal. With the InFocus Work Big IN24 or IN26, you will feel confident knowing you have the power you need to influence and persuade at your next presentation. The colors are rich; the images, crisp and clear. It's a high performance projector built for rock-solid reliability. Once you've experienced the power of the IN24 or IN26, it will be hard to imagine a meeting without it. Giving your ideas the biggest, brightest and clearest platform possible has never been more affordable.

The Workhorse that delivers.

The IN24 or IN26 is hard working, compact and designed to impress. It's easy to transport to and from important sales and client presentations. This baby provides hours of worry-free use with high-quality performance that will grab your audience's attention and won't let go.

Incredible performance you can really afford.

Now you can finally get top-quality projector performance at an affordable low price. The IN24 or IN26 gives you the features and dependability you demand at a price that will keep the black ink flowing. With a recessed lens and sleek, compact design, you can be certain that the IN24 or IN26 will stand up to heavy use and always be ready for that next make-or-break sales presentation. The latest DLP® (Digital Light Processing) technology from Texas Instruments™ adds to the IN24 or IN26's long-term reliability.

Smart, functional design makes you look brilliant.

Easy to set up and easy to use, the IN24 or IN26 removes the hassle factor from all your meetings. Forget that jungle of cables you had to wrestle into submission. The IN24 and IN26 come with stylish tie-wraps that ensure easy stowaway of both power and data cables. All components are color-coded for ease of use and cable inputs are easily accessible on the rear panel for effortless installation and seamless cable management.

 An easy to use, icon-based remote allows you to quickly scroll and select your settings.

Cool by design.

The IN24 and IN26 are not only cool by design, but cool to the touch. Side-to-side cooling eliminates image distortion so your ideas are crisp and look better than ever.

Added features mean added value.

- Security locking mechanism acts as an anti-theft deterrent.
- Optional PIN code feature brings an end to unauthorized projector use.
- Full ProjectAbility keypad makes running the show trouble-free — and provides easy access to over 90% of the features you need most.
- 1700 lumens of brilliance to light up your screen — and your audience.

The easy to use keypad and instant feedback LED display make running the show trouble-free. You'll have easy-access to the features you need at the touch of a button.

Enduring Quality

If you're happy, InFocus is happy. That's why every InFocus projector comes with a standard one-year limited factory warranty (including parts and labor) and a 90-day lamp-replacement warranty.
