

RUNCO® LIGHTSTYLE™ LS-HB PROJECTOR

Combining form and function for bright living room installations, the Runco LS-HB packs incredible performance into a stylish package. With 1080p resolution, advanced connectivity, and an architecture designed for maximum brightness, the LS-HB creates new possibilities for projection in the home. When combined with a contrast-preserving, neutral density front projection screen, it will outperform most flat panel television displays and create impressive and immersive video experiences in living rooms, media or game rooms, home gyms, and bedrooms. Boldly going where projection technology has not gone before!
