**50 Lumens DLP Battery Operated
Pico Projector**

PICO POCKET PROJECTOR

The new ML130 pico projector is equipped with the latest LED projection technology and projects clear, sharp and bright images anywhere. This DLP Pico Projector is the ideal companion for executives on the road as the built in Windows CE allows presentation of video, photo, Pdf, Power Point, Word and EXCEL files without the need of connecting to a PC. Featuring up to 50 lumens and WVGA resolution, the ML130 sets a new standard for mobile projection.

MOBILE PRESENTATION

A convenient mouse-pad on the ML130 allows easy navigation of the mouse for selection of different applications or files. It weighs only 250g and has built-in 2G of flash memory & 256M RAM. Memory expansion of up to 16G is possible via SD Card or USB flash drive. Presentations, video images and Music files can be easily stored on these external memory devices. The rechargeable battery allows approx 40 minutes of continuous play on standard brightness mode.

MULTIMEDIA CONNECTIVITY

For Business or Entertainment, videos, photos, presentations from PCs, DVD, mobile phones, digital cameras etc. can be shared using the DLP pico projector. There is a full assortment of I/O ports, including USB, VGA and video for easy connection to most analog or digital devices.

ULTRA-COMPACT DESIGN

The ML130 is a truly portable palm size projector. Lightweight and Portable, it allows spontaneous sharing of images and videos on the spot, projecting widescreen images of up to 120" diagonal.

FILE COMPATIBILITY

The built-in Windows CE OS is capable of playing back most popular file formats such as Microsoft Office (WORD, Power Point, EXCEL), Adobe PDF, JPG, BMP, GIF, AVI, MPEG, HTML, MP3, MP4, XVID, H.264, RMVB(HD), WMV etc..

ENVIRONMENTAL FRIENDLY LED LIGHT SOURCE

The ML130 uses LED as the light source for projection. There is no need for "lamp" replacement as the estimated life of the LED light source is over 30,000 hours. Besides savings on operating cost, it is also environmental friendly. The super-bright LED used in the ML130 Projection Engine is capable of projecting outstanding color images of 50 ANSI lumens brightness at WVGA 854 x 480 resolutions. The ML130 projects clear and sharp images in almost any lighting environment, providing users with superior mobile projection results.

Product Specifications

Projection Type :	DLP® Technology ;0.3" DMD imager
Resolution:	Native WVGA (854 x 480)
Light Source:	LED
Brightness:	50 ANSI Lumens Bright Mode
Contrast Ratio:	1000:1 (Full On/Full Off)
Light Source:	LED (RGB); Estimated Life of Over 30,000 Hours
Throw Ratio:	1.6:1 (Distance/Width)
Projection Distance:	8" to 118"
Image Size (Diagonal):	16" to 120"
Aspect Ratio:	16:9 Native; 4:3 Compatible
Battery:	Li-Po Rechargeable (3.7V, 2550mAh)
Battery Life:	Approx. 40min.
Displayable Colors:	100% NTSC Color Gamut
Touch Pad Control:	For navigating the cursor under Window's control
OS	Windows CE 6.0
Audio:	1 Watt Mono Speaker, Headphone-Output
Computer Compatibility:	XGA, SVGA
Video Input Compatibility:	NTSC, PAL
Memory:	2GB Internal flash, 256MB RAM, microSD Slot Supports up to 16GB SDHC, USB flashdrive 16GB
Video File Compatibility:	AVI, MPEG1/2/4, MP4, RMVB (HD), WMV,
Image File Compatibility:	JPEG, BMP, GIF, PNG
I/O Connectors:	AV Input (Composite Video with Stereo Audio-In), VGA input, microSD Slot, Audio-Out (includes 2.5mm to 3.5mm adapter), DC Input Jack, USB port (OTG), HDMI Input
Power Consumption:	<18 W
Weight:	8.6 oz (250g) with Battery
Dimensions(W x H x D):	5.6" x 1.0" x 2.9"; (142 x 25 x 75mm)
Standard Accessories:	Power Adapter, Rechargeable Li-Po Battery A/V Cable (RCA to MMI), VGA Cable (15pin to MMI), Audio Adapter
Optional Extras:	Tripod Adapter, WIFI
