

MITSUBISHI S50 Projector

Model #LVPS50U

Better Choice™

Key Features

ColorView™ Natural Color Matrix

ColorView is a proprietary and exclusive color management algorithm developed by Mitsubishi Electric. It expands the control of the color spectrum of your LCD projector from RGB (Red, Green and Blue) to include YMC (Yellow, Magenta and Cyan) - similar to the color range of CRT displays. ColorView displays *real* colors as they must be seen!

CineView™ Built-in Line Doubler

The new built-in video line doubler technology ensures high-quality images with clear definition for finer, sharper moving images.

Picture-In-Picture

Mitsubishi's exclusive 2 Live PIP function displays dual moving images from two separate sources (PC and video) at the same time, thus doubling visual information and impact simultaneously.

Specifications

Display Technology	1.3" x 3 Polysilicon LCD panel
Resolution	True SVGA 800 x 600 with compression for 1024 x 768 XGA maximum
Brightness	1000 ANSI Lumens (typical)
Colors	16,700,000 (32-bit); ColorView Natural Color Matrix
Contrast Ratio	250:1
Lens	Manual zoom & focus. F2.3 (100":3.8m)
Picture Size	40" - 300" diagonal
Point'n'Zoom Digital Magnification	Digitally enlarge any portion of the entire projected image
Lamp	Type: 150-watt UHP lamp; with 2000 hours lamp life (user replaceable)
Computer Compatibility	PC's, Macintosh® computers, workstations up to 1280 x 1024
Video Compatibility	NTSC, NTSC 4.43, PAL, PAL M, PAL N, SECAM, PAL 60, component video, HDTV
Input Terminals	<ul style="list-style-type: none">• RGB; mini D-sub 15 pin x 1• Video; RCA x 1 + SVHS x 1• Audio; RCA x 2 (stereo)
Output Terminals	<ul style="list-style-type: none">• RGB; mini D-sub 15 pin x 1
Scanning Rates	H: 15 - 69 kHz; V: 50 - 85 Hz; Dot Clock: 160 MHz
Audio	1W mono
USB Mouse Port	USB mouse is supported for maximum productivity and ease of use
Remote Control/Laser Pointer	Wireless remote with direct input access. Full projector and computer control with built-in mouse and laser pointer.
Height Adjuster	One push front leg bar with stabilizers (0-7" variable)
Weight	7 lbs. (3.2 kgs)
Dimensions with legs (W x H x D)	9.5 x 3.1 x 11.5" (242 x 79 x 294 mm)
Power	AC 100 - 240V + 10%, 50/60 Hz
Power Consumption	230 watts
Kensington Lock-Ready	Protects from theft or preventable losses
Warranty	Three-year parts and labor, 90 days on light source lamp.
