See the value of portable, convenient projection

Stay focused and keep your business moving forward with high-quality presentations that engage audiences without straining your budget. Choose the compact RICOH® PJ S2130/PJ WX2130 to bring presentations, videos, and movies to life in small classrooms and conference rooms. This entry-level system combines innovative image projection technology, easy-to-use functionality and convenient flexibility for exceptional value in a portable, lightweight design. Add it to your fleet of business communication systems with confidence — knowing it's backed by world-class service and support from a partner you can trust.

Convenient control on the go

The lightweight Ricoh PJ S2130/PJ WX2130 is designed specifically for easy transport and presenting in unpredictable locations. Control key functions directly on the projector using the control panel, or grab the remote control and adjust volume, screen size, playback, pause and other key functionality with one-touch operation from anywhere in the room. Users can fine-tune images via the focus lever on the top of the projector. The system runs quietly, with minimal heat, and has a 4,000-hour lamp life when operating in Eco Mode for reliable performance with minimal maintenance.

Present with more clarity

Enhance the user experience with cutting-edge Digital Light Processing (DLP) technology. It provides crisp, clear images in vibrant colors and presents videos and movies in high definition. Field sequential 3D images can be viewed using the optional 3D glasses for conventional 3D applications through an external converter. Its impressive brightness rating — up to 2,800 lumens — ensures that every presentation is presented with exceptional clarity for optimal impact in virtually any light. The Ricoh PJ S2130/PJ WX2130 includes 2 watt speakers for clear audio without external equipment and runs quietly with a noise level below 37 dB (32 dB in Economy Mode).

Partner with a proven leader

The Ricoh PJ S2130/PJ WX2130 is the latest innovation that leverages Ricoh's legacy of precision optics and lens technology. Add it to your fleet of copiers, printers, and MFPs and receive exceptional single-source support from a proven, experienced industry leader.

System Specifications

Projector

PJ S2130	Part # 403042
