IN1146
Mobile LED projector that's easy and bright
Part #: IN1146

The InFocus LightPro IN1146 mobile LED projector features a 30,000-hour light source that never needs replacing and beams 1000 lumens of brightness. At about the size of a paperback book and only two pounds, the IN1146 is easy to pack in your bag and carry on.

Key Features
- "Editors' Choice" by PC Mag
- 30,000-hour LED light source
- Only 1.8 lbs (0.9 kg)
- WXGA (1280 x 800) resolution
- 1000 lumens
- HDMI and VGA inputs
- PC-less presentation via USB or SD card
- Optional USB wireless connectivity
- Built-in stereo speakers

"Highly Rated" by Projector Central
The InFocus LightPro IN1146 was reviewed by ProjectorCentral.com and given 5 stars for Features and Value.
- "Price-competitive and feature-rich, making it a great option for portable presentation"
- "Extensive connectivity options make it a snap to present from a laptop, USB drive, SD card, or smart device"
- "With the optional WiFi adapter, presentation is as simple as pulling out your smartphone"
- "Good things come in small packages"
- Widescreen WXGA (1280 x 800) resolution
- HDMI, VGA, and optional wireless via USB adapter
- Mobile device-friendly with optional wireless USB adapter
- Present without a computer via a USB thumb drive or SD card
- Auto keystone correction

Why choose the IN1146?
- 30,000-hour LED light source for virtually no maintenance
- Ultra-small size and weighs only 1.8 pounds (0.8 kg)
- 1000 lumens for bright, crisp content displayed almost anywhere

No Maintenance
The InFocus LightPro IN1146 is an LED projector, which means there is no lamp to replace...ever. Use it 4 hours a day every business day and it will last around 12 long years. Plus it uses less energy than traditional projectors.
- 30,000-hour light source
- No filter to replace either
- Only 85 watts of power needed
Present Your Way

Quickly connect and project from your PC, Mac or Chromebook via wires or no wires, or without a computer at all.

- Present from your PC over a HDMI or VGA cable
- Connect mobile devices wirelessly using our optional USB WiFi adapter
- Dynamically display PowerPoint presentations, Word documents, photos, videos and more from a USB thumb drive or SD card
- 3.5mm port provides composite video in or stereo audio in
- 3.5mm stereo audio out
- Stereo speakers built-in

Ready When You Are

- No warm-up time
- Auto keystone correction keeps your image square and true
- Vividly renders fine detail and subtle color differences
- 10,000:1 contrast ratio

“Very clear, great visibility. Runs like a champ and fits into my laptop bag so don’t have to carry any other bags.” -Customer Review via amazon.com
