PICO POCKET PROJECTOR

The new ML131+ pico projector is equipped with the latest LED projection technology and projects clear, sharp and bright images anywhere. The DLP Pico Projector is the ideal companion for executives on the road as the built in ANDROID OS allows presentation of video, photo, Pdf, PowerPoint, Word and Excel files without the need of connecting to a PC. APPS can be downloaded via the built-in WIFI to expand the function of projector. It allows you to surf the internet, play games, stream HD video and watch internet movies. Featuring up to 100 lumens and WVGA resolution, the ML131+ sets a new standard for mobile projection.

MOBILE PRESENTATION

A convenient mouse-pad on the ML131+ allows easy navigation of the mouse for selection of different applications or files. It weighs only 250g and has built-in 8G of flash memory. Memory expansion of up to 32G is possible via SD Card or USB flash drive. Presentations, video images and Music files can be easily stored on these external memory devices. The rechargeable battery allows approx. 1.5 hours of continuous play.

MULTIMEDIA CONNECTIVITY

For Business or Entertainment, videos photos, presentations from PCs, DVD, mobile phones, digital cameras etc. can be shared using the DLP pico projector. There is a full assortment of I/O ports, including USB x 2, HDMI, SD Card for easy connection to most analog or digital devices.

ULTRA-COMPACT DESIGN

The ML131 is a truly portable palm size projector. Lightweight and Portable, it allows spontaneous sharing of images and videos on the spot, projecting widescreen images of up to 120" diagonal.

FILE COMPATIBILITY

The built-in ANDROID OS is capable of playing back most popular file formats such as Microsoft Office (WORD, Power Point, EXCEL), Adobe PDF, JPG, BMP, GIF, AVI, MPEG, HTML, MP3, MP4, XVID, H.264 etc..

ENVIRONMENTAL FRIENDLY LED LIGHT SOURCE

The ML131+ uses LED as the light source for projection. There is no need for "lamp" replacement as the estimated life of the LED light source is over 30,000 hours. Besides savings on operating cost, it is also environmental friendly. The super-bright LED used in the ML131+ Projection Engine is capable of projecting outstanding color images of up to 100 ANSI lumens brightness at WVGA 854 x 480 resolutions. The ML131+ projects clear and sharp images in almost any lighting environment, providing users with superior mobile projection results.

ML131+ Product Specifications

Projection Type :	DLP® Technology ; 0.3" DMD imager
Resolution:	Native WVGA (854 x 480)
Brightness:	100 Lumens
Contrast Ratio:	2000 : 1 (Full On/Full Off)
Light Source:	LED (RGB) ; Estimated Life of Over 30,000 Hours
Throw Ratio:	1.2 : 1 (Distance/Width)
Projection Distance:	10" to 120"
Image Size (Diagonal):	10" to 120"
Aspect Ratio:	16 : 9 Native ; 4 : 3 Compatible
Battery:	Li-Po Rechargeable, 1300mAh, 7.4V
Battery Life:	Approx, 1.5 hour
Displayable Colors:	100% NTSC Color Gamut
Touch Pad Control:	For navigating the cursor
OS:	ANDROID 5.1.1
Audio:	1 Watt Mono Speaker, Headphone-Output
Computer Compatibility:	XGA, SVGA, 1080p
Memory:	1G RAM, 8GB Internal flash, microSD slot supports up to 32 GB SDHC, USB flashdrive up to 32GB
Video File Compatibility:	AVI, MPEG1/2/4, MP4, RMVB (HD), WMV, H.264
Image File Compatibility:	JPEG, BMP, GIF, PNG
I/O Connectors:	micro SD slot, Audio-Out, DC Input Jack, USB x 2, HDMI Input
WiFi / Bluetooth:	Built-in 802.11 B/G/N, Bluetooth 4.0
Power Consumption:	<10 W
Weight:	8.6 oz (250g) with Battery
Dimensions(W x H x D):	5.6" x 1.0" x 2.9" ; (142 x 25 x 75mm)
Standard Accessories:	Power Adapter, Rechargeable Li-Po Battery, Mini Tripod
