## Producers of Professional Projection Screens

**Cima BC** is offered in a wide assortment of preconfigured size ranges and in HD, Scope or 16:10 formats. Each screen comes standard with either a 6 or 12 inch black drop and includes a standard control system integrated into the screen enclosure. Choose either Neve, an exemplary matte white imaging surface, or Tiburon G4, a neutral density gray matte surface for aiding black level performance. **Cima BC** comes with versatile bracketing, hidden terminations and is easy to install.
